Superintendents Message

As fall is approaching and cooler weather is imminent, it is hard to believe the first grading period is coming to an end. Our students and staff are engaged, and we are off to a wonderful start! As a district, we are concentrating on the 4 C's - Critical Thinking, Communication, Collaboration, and Creativity. As a Leader in Me district we know the importance of soft skills as well. The Seven Habits of Highly Effective People remain the foundation that we work from. Students in the third, sixth and ninth grade are enjoying using their Chromebooks on a daily basis in class and at home. This initiative makes it possible to expand the technology knowledge of our future leaders.

The Findlay community is engaged with the district in many ways, from our wonderful collaboration with local businesses to partnering with the United Way to offer preschool to students that may not have an opportunity to attend without this program. We appreciate all of the businesses and community members that value and know the importance of education.

We are always looking at ways to improve our communication and keep the lines of communication open. As a district we heard your voice and understand the importance of Relationships, Opportunities, Leadership and Empowerment. Through our efforts using **#TrojanTrue**, we want to continue to make progress in our lines of communication and improve our connection with all of you. We are currently working on updating our website and expect to roll that out in the coming year. It is important to us that you be as well informed as possible. You are an important part of your child's education and we want to be a working partner to make it the best it can be.

It is my honor to be your superintendent and serve the students of this district. Let's make this second nine weeks as great as the first! Have a wonderful Fall and Go Trojans!!!!
